

Compliance commands

[/Reference manual/Z-related commands](#)

These commands support checking the compliance of an existing program in Spark Ada with a Carroll Morgan-style specification statement, where the two are related by a Knuth-style web. *The compliance functionality is broken. Don't bother trying to use these commands.*

- *all VCs*
- *local VCs*
- *refinement*
- *refinement conjecture*
- *slot declaration*
- *translation*
- *web expansion*
